

## **Student Attendance Policy**

Students are required to attend classes on a regular basis. Absences may mean that students miss assessments and may not have the opportunity to demonstrate achievements of the relevant standards.

Classes may be cancelled in cases of extreme heat. Extreme heat is defined as when the predicted temperature for the school day exceeds 40°C. The Bureau of Meteorology (BOM) website will be used as the definitive source of the forecast. During periods of elevated temperatures, all parents should monitor the predicted temperature to prepare for any eventual cancellation of classes.
